sales at a high price. In case your e book solves a problem or answers questions in a brand new and distinctive way, you should worth your e-book as high as you'll be able to go. Take into account that the above pricing technique is temporary. Eventually, you'll cease to promote books at this excessive price. So determine upfront how long you plan to offer your ebook at this excessive worth, and when that time is up, change your pricing strategy.

If you wish to see giant profits over buyer draw, purpose for an audience that's in search of straightforward options to their problems at a low price. If your book is aimed at fixing one explicit downside reasonably than basic recommendation, then you'll be able to charge more. Begin on the highest price the market will bear to usher in the largest earnings, and plan to low cost the e-book a variety of occasions throughout the year.
