One other technique is to check out prices by making a variety of duplicate sales pages with different costs on each page. Be sure that your sales copy is strictly the similar on every web page, and includes your promoting-deal with sentence. Then determine for every page the conversion ratio between guests to your web site and sales of your book. It will tell you what your optimum price is.

In the end, when you've written a book that solves a drawback or presents a new approach, your e book will bring in each site visitors and profits.
