sales and promotional materials, and each time anyone asks you about your ebook.

Besides selling your books assiduously on-line, there are several different methods that may help you promote extra books.

One is to give something away for free along with your guide, reminiscent of a beneficial bonus item. Or bundle a number of ebooks below one value, which lowers the worth for every book in the event that they were offered separately.

An efficient approach for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an book from you, ask for their opinion when it comes to price. Do that by making a sales page for the brand new e-book, but don't include a worth on that page. Another strategy is to test out prices by making a variety of duplicate gross sales pages with totally different prices on each page. Be sure that your sales copy is precisely the same on each page, and contains your promoting-handle sentence. Then work out for every page the conversion ratio between visitors to your website and sales of your book. This may tell you what your optimum value is.

Finally, in the event you've written a ebook that solves a drawback or presents a new method, your ebook will herald each site visitors and profits.
