Do this by creating a sales web page for the brand new ebook, but do not include a price on that page. One other strategy is to check out prices by making a variety of duplicate gross sales pages with totally different costs on each page. Be sure that your gross sales copy is precisely the similar on

each page, and consists of your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your website and gross sales of your book. This will inform you what your optimum price is.

Finally, in the event you've written a guide that solves a problem or presents a brand new approach, your e-book will herald each traffic and profits.
