An effective technique for determining a worth is to send out a survey to your current customers. If these clients have already purchased an e-book from you, ask for his or her opinion in terms of

price. Do that by making a sales page for the new ebook, but do not embody a worth on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out costs by making a variety of duplicate gross sales pages with different prices on each page. Be sure your gross sales copy is strictly the identical on each page, and contains your selling-deal with sentence. Then figure out for every page the conversion ratio between visitors to your web site and sales of your book. This may tell you what your optimum worth is.

Ultimately, if you've written a e book that solves a problem or presents a new technique, your book will usher in each traffic and profits.
